Nagendra Gajjala seethammagari
.NET Developer
9177928118
gsnagendrareddy@gmail.com

Professional Summary

- **Over 4 years** of experience as a .NET **developer in Analysis**, Design, **Development, Management and Implementation, Migrating** and provide Production and Technical Support of Client-Server, Windows and Web Based applications.
- Extensive experience of **designing and developing Client/Server applications** using Microsoft .NET Technology, **ADO.NET, WCF, WPF** and **Entity Framework** SQL Server, Oracle, ASMX, XML.
- Extensive experience in developing User Interfaces using **Bootstrap 3.2, C#, ASP.NET, J Query, XML, HTML5/DHTML, CSS.**
- Experienced in **Configuration Management**, setting up company Version policies, build schedule using Team Foundation Server 2010/2008 and **Visual Source Safe (VSS).**
- Expertise in **developing and enhancing applications** as per the organizational standards using Microsoft.NET Framework 4.5/ 4.0/3.5/3.0/2.0 / 1.1, ASP .NET, C#, VB .NET, **(Microsoft Visual Studio 2005/2008/2010/2013/2015**) and SOA.
- Extensive experience in **developing, debugging N** - tier applications using **C#, AJAX, XSLT, XML, XHTML, CSS, Reflection, Multi threading** and Agile programming methodologies.
- Strong intense knowledge of **.NET 3.0/3.5/4.0/4.5 Framework**, **Windows Communication Foundation (WCF)**, Windows Presentation Foundation (**WPF**).
- Experience with **Microsoft Office SharePoint 2007 (MOSS)**.
- Experience in developing web based applications with ASP.NET, XML/DHTML/ HTML, JavaScript, CSS, Master pages.
- Extensive experience in **XML Web Services** (SOAP, WSDL, UDDI), .Net remoting, Server Components using .NET Framework.
- Strong knowledge of RDBMS like SQL Server 2008/2005.
- Expert in developing views, **stored procedures, cursors and triggers** in T-SQL, PL-SQL.
- Good at translating the complex user requirements and resolving the technical and functional issues.

Technical Skills

Scripting and Marketing	JavaScript, HTML, CSS, XML, SSIS
Web Technologies	ASP.NET, Web Forms, MVC, C#, VB.NET, ADO.NET, Entity Framework, Web Services, SOAP, AJAX, WCF, WPF, Win Forms, LINQ, EDI, Silver light
Languages	VC++, C#.NET, ASP.NET, VB.NET, ADO.NET, QT for Windows.
Web Servers	IIS 5.1/6.0/7.0
Databases	SQL Server2000/2005/2008/2012, Oracle8i/10g/11g
Development Environments	Visual Studio.NET 2005/2008/2010/2013/2015
Tools	Active X, Visual InterDev, Front Page, Visual Source Safe
Reporting Tools	Quick Test Pro, Crystal Reports 4.6, VBA

Professional Experience

- Working as a Software Engineer since Aug 2017 to Till Now at Dot Net Technologies, KADAPA and www.dntsoft.in.
- Expertise skills in Web Development - Windows Application using HTML, CSS,Asp.net, Bootstrap, VB.NET, C#.net , ASP.Net, ADO.Net, Crystal Reports and Database MS-SQL Server.
- Role is Software Developer.
- Environment is HTML, CSS,Asp.net, Bootstrap, VB.NET,C#.net, ASP.Net, ADO.Net, Crystal Reports and Database MS-SQL Server
- Frame work is MS.Net 3.5, 4.0, 4.5 and above.

Present Working Projects

Recently Worked on Auto Spare parts Stock Control with barcode software in VB.Net-SQL Server-Crystal Reports

Currently Working on Retails Supermarkets with barcode software, and College Website in VB.Net-ASP.Net-SQL Server-Crystal Reports-ADO.Net

Technical Skills

Microsoft Technologies & SAP Technologies Experience
> VB.Net, C#.Net, ADO.Net, ASP.Net, C Language
> Crystal Reports 11
> SQL Server
> MS Office 2010

Accomplishments   Projects Done - Involved

1. TITLE   **: Jupiter (POS) (Point of Sale System) (BARCODE ENABLE)**

CLIENTS	: Q & Q Supermarket, Sanvi's Mart, S V Bazaar, Shanu Supermarket etc.
ENVIRONMENT	: VB.NET/ Crystal Reports / SQL SERVER/ADO.NET/Neodynamic
YEAR	: 2017
TEAM SIZE	: 5
ROLE	: Designing, Planning, Database Creation, Tables, Views, Coding, Debugging, Reports Designing, Form Designing, Barcode Generation.

Description:

This is the Top Software from our organization and Top Seller in the Market, we have more than 15 Clients, This software was developed for Supermarkets, and Malls for billing counters wise with Fast Process. This Software includes Barcode and Stock verification, Offers, Over Price Tag, and Label Savings Technology. Daily Stock, Daily Sales information, Profit, with complete User login Rights, User Logs. Various reports are designed for the Software with Thermal Bill Print

2. TITLE : **Employee Management System (Multi User Level)**

    CLIENT : PVS Chemical Pvt Ltd – India - AP
    ENVIRONMENT : C#.Net/ Crystal Reports / SQL SERVER 2005/ADO.Net
    YEAR : 2018
    TEAM SIZE : 3
    ROLE : Designing, Planning, Coding, Debugging, Reports,Form
        Designing, Database Creation

Description:

    This Employee Management System having various modules like Employee Details, Salary Details, Daily Attendance, Vacation etc. Master Employee Data will manage to all modules, SQL Database for backup. Each employee Status can easily track. Various report available, all reports built in Crystal Reports.

3. TITLE : **Fortune Overseas.in (Website with ASP.Net)**

    CLIENT : Fortune Overseas – Educational Consultant – India - AP
    ENVIRONMENT : Visual Basic.Net/ ASP.Net / SQL SERVER 2005/ADO.Net/J Query
    YEAR : 2019
    TEAM SIZE : 3
    ROLE : Planning, Coding, Debugging, Reports Designing, Domain
        Registration, Hosting, Uploading, and Testing

Description:

    This Website for Overseas Educational Consultant names as Fortune overseas.in. This is a complete Website contains various pages like Home page, About, Location, Sitemap, MBBS Page, MSC Page, Local and International Pages, Quick response mail etc. Nearly this site contains more than 35 Pages, Advanced J Query and Menu has used with ASP.Net, VB.Net

4. TITLE : **SGKTA and SPKTA (Website with ASP.Net)** http://www.sgkta.com/

    CLIENT : Sri Gopala Krishna Textile Agency – India - AP
    ENVIRONMENT : Visual Basic.Net/ ASP.Net / SQL SERVER 2008/ADO.Net/J Query
    TEAM SIZE : 4
    DURATION : 5 Month
    DATE : 2020-21
    ROLE: As a Team Member (Planning, Analysis, Designing, Coding, Testing,
        Reports Designing, Domain Registration, Hosting, Uploading, and
        Testing)

Description: This Website for Textile Indenting Website. This is a complete Website contains various pages like Home page, Login Page with OTP Option, Supplier Details, Customer Details, Bill wise Reports, Date to Date wise Reports, City wise tracking Customer Payments Details, SMS sending for outstanding Customers. Nearly this site contains more than 10 Pages, Advanced JQuery and Menu has used with ASP.Net, VB.Net, SQL Server.

Other Projects Involved : College Management System, Hospital Management System, Restaurant Billing System and more. All Done in C#.Net, Vb.Net, SQL Server, ADO.Net, Crystal Report.

Environment: .NET Frame work (3.0/3.5/4.0/4.5), C#.NET, Windows Workflow Foundation, Design Patterns, Visual Studio (2008/2010/2012), SQL Server 2008, WCF, MVC and Entity Framework. Visual Studio 2010, Windows forms, Excel sheets, MS Visual Source, Visual studio 2010, MS Access, MS Excel, Subversion Control, Active x installers, SQL, Design Patterns, Active X controls, SQL server, ASP.NET, VC++ MFC, Windows forms, use of .csv files for diagnostic report generation, Serial port communication, USB communication, Ethernet communication(TCP/IP), Use of Test and Measure equipments and its remote operation using SCPI commands.

Responsibilities

- Worked on windows forms using **C#.NET** programming language in **Visual Studio 2010**.
- Designed and developed the GUI and whole application.
- Worked extensively on data representation using **digital meter guage**, **LED** representation and graphical designing using thrid party controls-**ActiveX** controls
- Extensively worked on **large data transmission** and segregation of data depending on the data validity.
- Responsible for writing the data base table creation, data retrieval and representation.
- Responsible for **Unit Testing** and **Bug fixing**.
- Responsible for Publishing and Hosting Application.
- Management of team to coordinate the embedded application development and hardware development.
- Generated the **Acceptance Test Procedure** for the customer approval and development of **User manual**.
- Design of **User Interface** such that the application is used in all phases of product testing.
- The application is developed using both **VC++** and **C# .NET**
- This application communicates with the unit using **USB** communication which connects to USB DIO card resided inside the unit.
- The same application has the provision to communicate to the **Signal Generator**, **Spectrum Analyzer** and **Oscilloscope** over **Ethernet** as the primary mode of communication and **Serial port** as dual redundancy.
- Application identifies these Test & Measurement Equipments using the respective **SCPI** commands.
- After the response is received and showed on the **spectrum analyzer** and **oscilloscope** the respective data is red from these units and stored to an excel file.
- This data is analyzed after the whole test is completed to verify the unit's working condition.

Education Qualification

PostGraduate   : Yogivemana University
Graduate   : SriVenkateswara University
Intermediate   : Nalanda junior College
S.S.C   : Z P High School
Diploma   : Dot Net Technologies– Visual Studio.Net 2010
